DATA ANALYST / BI ANALYST

SUMMARY

Results-driven **Associate** with hands-on experience in **SQL, Power BI, Excel, and Google Sheets**, specializing in **data analysis, dashboarding, KPI tracking, and business insights**. Proven ability to transform raw operational data into meaningful reports and visualizations that support **strategic decision-making**. Experienced in trend analysis, segmentation, and performance reporting across large datasets.

CORE SKILLS

- **SQL:** Joins, CTEs, subqueries, window functions, aggregations, date functions
 - **Power BI:** Data modelling, DAX, KPI dashboards, interactive reports
 - **Excel / Google Sheets:** Pivot tables, Power Query, automation, data cleaning
 - **Python:** Pandas
 - **Analytics:** KPI tracking, trend analysis, segmentation, business insights
 - **Tools:** GitHub
 - **Soft Skills:** Stakeholder communication, problem-solving, storytelling with data
-

PROFESSIONAL EXPERIENCE

Associate (Data and Operations)

Zomato | Hyderabad

Feb 2024 – Sep 2025

- Analysed large-scale operational datasets using **SQL** to generate insights on delivery partner performance, onboarding efficiency, and booking trends.
- Built **automated dashboards and reports** in Excel, Google Sheets, and Power BI for leadership and city-level stakeholders.
- Designed and maintained **KPI trackers** to monitor delivery efficiency, user activity, promotional impact, and operational performance.

- Wrote optimized SQL queries using **CTEs, window functions, and aggregations** to support ad-hoc and recurring analytical requests.
- Performed **trend analysis and time-series analysis** (daily, weekly, monthly) to identify performance gaps and improvement opportunities.
- Conducted **segmentation analysis** to support targeted campaigns and post-campaign performance measurement.
- Cleaned and validated raw datasets by resolving nulls, duplicates, and inconsistencies, ensuring **high data accuracy and reliability**.
- Collaborated with cross-functional teams to translate business requirements into **data models, dashboards, and actionable insights**.

Tech Stack: SQL, Power BI, Excel, Google Sheets

Intern – Web Development & Testing

Mosaic Dots | Hyderabad

Jul 2023 – Nov 2023

- Conducted functional and UI testing to ensure data accuracy and usability across web applications.
 - Built responsive UI components using HTML, CSS, and JavaScript.
 - Supported QA processes and documentation.
-

Operations Assistant

Pioneer E-Solutions | Hyderabad

Mar 2021 – Apr 2022

- Managed data reporting and validation activities for **PFMS (Public Financial Management System)**.
 - Trained users on data access, reporting workflows, and system usage.
 - Provided operational and technical support for daily data issues.
-

ANALYTICS PROJECTS

Car Sales Dashboard (Power BI | 2025) :

<https://github.com/Dheerajsann/car-sales-dashboard>

- Developed an interactive **BI dashboard** to analyse **YTD and MTD car sales performance**.
- Built KPI cards for **total sales, average price, units sold, and growth percentages**.
- Performed **weekly trend and seasonality analysis** to identify peak and low-demand periods.

- Analysed **sales distribution by body style** (SUV, Sedan, Hatchback, Passenger, Hardtop).
 - Created **company-wise performance comparisons** based on revenue, pricing, and volume.
 - Implemented **geographic analysis** to evaluate dealer-region performance and regional demand.
 - Delivered insights to support **pricing strategy, inventory planning, and regional focus**.
-

Mobile Sales Dashboard (*Power BI* | 2025) :

<https://github.com/Dheerajsann/Mobile-sales-dashboard>

- Built a Power BI dashboard analysing **₹769M+ mobile sales** across Indian cities.
 - Designed KPIs for sales, transactions, quantity sold, and average selling price.
 - Enabled dynamic analysis using **month, brand, and model filters**.
 - Visualized city-level demand using geographic maps and daily quantity trends.
 - Analysed **payment method preferences** (UPI, cards, cash) to identify customer behaviour patterns.
-

EDUCATION

B.Tech – Electrical & Electronics Engineering

Guru Nanak Institute of Technical Campus, Hyderabad | 2020
